

LICKABLE CAT TREAT RECIPE

Churu Copycat Treat

INGREDIENTS

- 4 oz. of Chicken
- Water

SUPPLIES

- Food scale
- Cutting board
- Knife
- Measuring spoon
- Ninja or food processor
- Funnel
- 4 oz. plastic squeeze bottle

TOTAL TIME: 8-10 MINUTES

DIRECTIONS

Step 1: Measure out 4oz. of chicken

Step 2: Fill pot with enough water to cover the chicken. Bring water to a boil on the stove.

Step 3: Add chicken and let it cook for about 5-6 minutes, or until it is no longer pink in the center.

Step 4: Cut the chicken into small pieces to make things easier on your Ninja or food processor.

Step 5: Move chicken to your Ninja/food processor and add 4 tablespoons of water.

Step 6: Puree the chicken and water together until it reaches a pasty consistency. You don't want there to be any chicken chunks.

Step 7: Pour into the plastic squeeze bottle using a funnel.

Step 8: Cut the tip of the squeeze bottle just to make the hole a little bit bigger.

Step 9: Enjoy!

Note: The recipe can be decreased or increased depending on your needs. For every 1 ounce of chicken you start with, you will need 1 tablespoon of water.
