

MAY CHALLENGE

Review + Gardening

It has been a busy first quarter for KittyCatGO Trailblazers! We've had a lot of different challenge themes and activities over the past few months, and I know we might not all have been able to complete and accomplish everything we wanted to.

So for the month of May, we will all have the opportunity to revisit the past challenges, work on any tasks, try any activities, and earn any badges we may have missed out on.

January - Hunting/Foraging

February - Cat-Friendly Locations

March - Clicker Training

April - Adventure Challenge

All the challenge info posts for the past 4 months will be pinned in the "Featured" section of the group homepage so you can easily find and revisit them.

For those who may be looking for a little something new to try with your cat, we will have a few cat-friendly gardening activities to participate with if you'd like.

Mark your calendars for Friday, May 6th at 3pm ET!

This will be our monthly challenge Zoom kick off meeting! Together we will discuss which activities and badges we are going to revisit and which have been our favorites so far. We will also talk a bit about cat-friendly gardening, and I will be sharing my own attempts at growing some cat-friendly plants to demonstrate how easy it can be!

Attendees can choose to be on video or not. The replay will be available.
